STANCIAL STATE OF THE RM PUGE CAUSES APPREHENSION IN CHEAT BRITAIN

LONDON, Jun. 16 - Karanel Is daily mying evidence of her four for the future of Japan. Statesmen cay the combined political and financial probhen confronting the Milado's country has auddenly loomed up as a menacing force and that few persons who have not seen Japan's balance sheet appreenate the imminent danger.

Events of the last few days have shown the world how threatening the situation really is. One thing weem's certain-there will be no war talk on the part of Japan-that is, for a long

Even by most careful figuring and hee management British statesmen cannot understand how Japan can wipe onther war debts by wringing from \$62 to \$60 yearly from each of her subjects.

If the Mikado falls to carry this tax system to a successful end, the country may have to resort to bankruptcy proceedings, but England would hardly stand by and see not ally adopt such a measure, as England has vast interests in Japan.

England would regard the morest possibility of Japan's suspension with the keenest alarm. Tre recent resignations in the Mikado's cubinet are attributed wholly to financial difficulties. There is grave doubt that the vacancies can be filled without a national election, and in the event that such & course should be adopted, popular feeling would be further increased.

The decision of the Supreme Court in the matter of the income tax cases Balan.ce Cash On Hand \$ 64,238.52 of the various plantations by which the assessment of the Tax Assessor was sustained, overruling the decision of the Tax Appeal court, will bring an increase of revenue to the Territory on an assessment of about \$1,500,000, or about \$20,000. It is understood, however, that the companies will pay their assessments under protest and will carry the matter to the United States Supreme Court and in case of a reversal of the Territorial Courts, the amounts will have to se returned by the Territory.
